

Dear Sir/Madam,

We would like to invite the agrofood and food process companies from the Lubelskie Region to participate in the international meeting at [CFIA 2018](#), the main Food-Process Exhibition in France, which will take place on 13-15th March 2018 in Parc des exposition Rennes Aéroport. The event offers B2B meetings sessions and an Innovation Gallery Tour with a commented presentation of the latest innovative technologies for security in the food industry (products, processes, human resources and data). The event will gather the most innovative ideas on food technology and digital technology for the food industry. This event will provide a nice opportunity to meet several agrofood and digital companies and experts to initiate business, technology or research collaborations.

Brief agenda:

13 March	Opening day of the event
14 March	
1:30 to 4:30 pm	B2B meetings with high level technology offerors and agrofood industries, clusters
4:40 to 5:40 pm	Innovation Gallery Tour on security for the food industry, followed by cocktail reception
15 March	
9:40 to 4:30 pm	B2B meetings with high level technology offerors and agrofood industries, clusters
11:30 to 12:30 pm	Innovation Gallery Tour on security for the food industry, followed by cocktail reception

The Innovation Gallery tour consists in a presentation of [demonstrators from technology provider companies](#) (on the 120m² regional booth). You will have the possibility to meet them also in the B2B meetings.
